## NATURE'S ENZYME PEEL

Our highly effective Enzyme Peel works immediately to exfoliate the skin, removing dead skin cells, clearing pores, and leaving your face feeling as soft and smooth as a baby's! Revolutionary botanical and fruit enzyme blends safely remove blackheads, whiteheads, and dead skin, while improving cell regeneration, skin tone, and color. Regular use leaves the skin looking healthy and glowing. The

aloe hydrates and nourishes the fresh, new skin revealed by the peel, while luxurious silk amino acids provide natural UV protection to keep it looking younger, longer. Our formula is extremely gentle, and contains no "scrubbing beads" or granules—ideal for those with sensitive or combination skin.
